

Gypsy 05

Gypsy 05 was established by a dynamic brother and sister duo from Israel Osi and Dotan Shoham. Born and raised in Israel, the siblings went on to master their crafts worlds apart. While Dotan was in Los Angeles staking his claim in the garment dye industry, Osi was in Israel gaining momentum in the advertising business. Years later, Osi moved to the United States to join her brother on the west coast. Ahe began to work alongside Dotan at his dye house, Pacific Blue Inc which is notorious in the fashion industry for its unique techniques and fresh usae of color. Gypsy 05 began.
